14:00 – 15:00 Workshop : Non-formal education for training for intergenerational civic representatives

15:00 – 15:30 evaluation of results

14:30 - 15:00 End of the Multiplier event

Different local and regional actors related to the aim of the project were invited.

Youth workers, young people, representatives of youth NGOs and other stakeholders attended.

After both the project and the intellectual products were presented, a workshop was held to establish procedures and lines of improvement for the implementation of Intergenerational Civic Councils.

He encouraged participation and active learning with a moderator who energized the group to contribute ideas and solutions to the different practical activities carried out during the workshop.

Teamwork and the active participation of all participants were always encouraged to serve as a form of learning, an exchange of information and ideas about the project topic.

Participants received the necessary materials for a better understanding of the products presented and the aims of the seminar. A suitable place has been set up for the event, which has the necessary technical means for its proper development.

The organizing body was responsible for ensuring that the activity was adequately disseminated.

According to the results of the seminar:

- 33 people were informed about the CIA project in two different meetings
- There was an exchange of knowledge and experience between our local partner, Culture, Education and Project Association experts and participants.
- The project and its intellectual products were disseminated.
- The program of the event was presented to the participants.
- Attendance check was done by signing the participant list.
- Participants completed a satisfaction survey evaluating the organisation, topics and facilities. The results of this survey were mostly positive.
